

# Accredo Barcoding Solutions

Allow for quick, bulk ordering or products, quick inventory control & product detail lookup

SKU: 1208

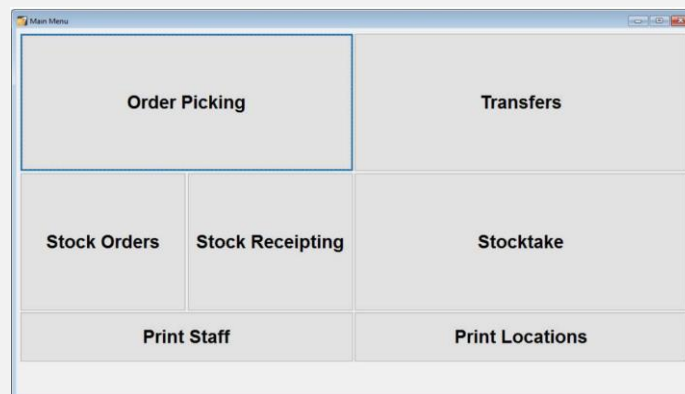

- Receiving goods into the system
- Picking order items from an electronic pick list
- Transferring stock between locations
- Enabling quick and efficient stocktaking
- Opening any printed documents electronic source (by printing a barcode on every document)
- Fast entry on timesheets

We have many clients who also save a great deal of time by using barcode scanners in their day-to-day business.

We have a standard suite of barcode solutions which are also designed for a touch screen shown below.

## Barcoding solutions (tablet)

The below is a suite of touch screen Accredo bar-code solutions. They also function desktop/laptops with wired or Bluetooth bar code scanners.

## Features:

- Simple touch screen friendly
- A scan identifies the product, and multiple scans increment the Qty rather than adding additional lines.
- Touch screen keyboards.
